ECV SPECIALIST SERVICES

ECV is a non-profit organisation that specialises in providing consultancy, and training to the International Construction Industry.

Founded in 1993 it works worldwide, and has offices and associates in 10 countries.

The Claims and Disputes Consultancy Division focuses on the issues relating to International Contracts, with particular support in the following areas:

Pre- Contract Award

Many contractual problems can be avoided by careful and competent drafting of the Tender Documents and risk assessment of the Project and Contract Conditions.

ECV provides assistance in:

- Drafting Contract Conditions including Special Conditions
- EU Procurement Procedures
- Contractual risk analysis
- Training in the preparation and use of Contract Conditions
- Project management procedures and disciplines

Post Contract Award

The Parties to the Contract may require ECV expertise and guidance in:

- Contract Management and Cost Control disciplines
- Claims preparation and negotiation
- Dispute Board Members and procedures
- Mediation and Adjudication of Disputes
- Training in all the above subjects
